“ Suzanne, I have read all the wonderful things written about your dad. I just wanted to share some of my memories of your dad when we were growing up. He was my idol. I spent many times at his house playing games, football etc. He was my babysitter and his patience with me was great. There were many other great times with him growing up also. I wish we had spent more time with him in later years. Carolyn and my prayers are with you and your mom. Cousin Don

“ My Dad was a very good, kind Christian man. He took very good care of our family of four. He taught me about God, love for my country, respect for other people. He taught me so many things! I will never forget him and will miss him and that twinkle in his eye and that laugh. I love you Dad.

“ This man was such a ray of sunshine. Always smiling and laughing. Sharing his love to everyone. I pray that we all continue to love unconditionally as Bob did. We have big shoes to fill, to carry his legacy on. Truly a beautiful soul. Loved so much by his family, feeling blessed to have all these sweet memories. Truly going to miss him so much. Just so much love for him. Galatians 5:22
Prayerfully,

“ My Dad was a good, GOOD man. He taught Robby and I to fish, ride a bike, fly a kite, and a million other things. He also was a great example to follow as a Christian. He was my teacher, coach and my cheerleader. I was a Daddy's girl. I will miss him every day.

“ One of the kindest men I have ever known and I had the privilege of calling him Dad. He always made time for me and constantly pushed me to look to God for my answers. Very grateful for the time I had with him and he will always live on in his grandkids who he lived immensely
