

Angela Brooke Smith

August 21, 1978 - August 3, 2025

With heavy hearts, we announce the passing of Angela Brooke Smith. Born on August 21, 1978, in Lubbock, Texas; passed on August 3, 2025. Angela dedicated her life to the joys and responsibilities of motherhood and homemaking, lovingly nurturing her family with unwavering devotion. She is survived by her beloved spouse, Michael Smith; their cherished daughter, Keri (Josh) Merriott; her brother, Jeffrey Neil Rowland; her father, Travis Rowland; her mother, Donna Lang. Angela was a bright light in the lives of those who knew her. In her pursuit of education, she discovered her passion for helping others while studying in nursing school. Though her path led her to become a homemaker, her spirit of compassion and service remained a core part of her essence, something that will continue through her legacy as a Registered Organ Donor. A creative soul, Angela expressed her talents through crafts and painting, often leaving traces of her artistic spirit within her home. Her love for shopping, particularly for jewelry—even if just for window shopping—was one of the simple joys that brought her happiness. Angela's favorite color was green, a reflection of her vibrant personality and her love for life.

While Angela was always steadfast in her faith in God, she found a loving community to share in her beliefs when she became a member of the A.C.T.S. Sisterhood in 2018 and the Catholic faith in 2020.

Through these things and many more, Angela will be deeply missed. She was one of the kindest people; despite not having much herself, she would give the clothes off her back to help her family and friends. She loved deeply and

rescued many pets, some she leaves behind and some who she has been reunited with. Above all, Angela had the biggest heart and shared it with all. Funeral mass will be at the chapel at St. Elizabeth's Catholic Parish, 2305 Main Street Broadway, Lubbock, TX at 2:00 pm. We will be processing to Morton, TX for her inurnment. In lieu of flowers, the family encourages donations to a charity supporting mental health or addiction recovery. Her spirit lives on in the hearts of those she touched.

“ I was a neighbor of Angela and Michael for a short time. Angela was always so sweet and happy. Angela and I spent time frequently talking in the front yard and she was always a joy to conversate with. She was a very kind and friendly neighbor and I would often wonder how she and Michael were doing when I would drive near that area after I moved away. My prayers are with her family during this difficult time.
