

April Sherrae Melendez

May 6, 1991 - December 13, 2022

April Melendez, 31, of Lubbock, Texas passed away December 13, 2022. April was born May 6, 1991 in Roswell , NM to Richard Beltran and Tracy Beltran .

Our precious daughter April had a heart of gold! She would help anyone in need even if it meant going without. Her children meant the world to her, and she would do anything for them. She tried so hard to give them everything a parent could ever hope to. She joked in such a crazy way that you couldn't help but laugh with her. She always had an inside joke for everyone she got to know. My baby, loved so hard and cared deeply for the ones she treasured! She was strong-willed and beautiful! She was independent and worked hard for everything she had. She had so many friends and had the best time with them. She had a huge heart and would take in any animals that she found. If she couldn't take care of them, she would call her Tia Edie or her sister Crystal to help out. We have an emptiness that no one else could ever fill.

She knew that she could depend on us for anything. She would call her dad anytime she needed work on her car, house, or anything because she knew he would be there for her. She would call me (mom) when she was at the stores to see if I need something while she was there. She had ideas for anything and everything that you could think of. She loved to shop and was really good at finding deals. Costco was her favorite.

April was a beautiful daughter and mother with many special qualities about herself. She was independent, strong, and determined about her life and daughters. She would put herself last to give her babies what they needed. Being a single mother is a difficult job. She gave her best at being a great mother and daughter. She was determined to do her best each day . She made me a proud father and grandfather! Now I have three beautiful babies to provide for and I'm grateful for this new journey. I believe God has his plans for my daughter, and also for me. Thank you, my baby for the joy and memories you gave to me and mom! I miss and hurt without you!

Give grandma a big hug and kisses from all of us. Now you and Isaac can be together again. Love you with all my heart baby!!! We all do!!! She is preceded in death by her Grandmother Elisa Espinosa, Great-grandmother Reducinda Sosa, and fiancé Isaac DeLeon.

“ I had the honor of knowing April for a short time. But, for whoever knew April, knows that she was authentic to her core. One always knew where they stood with April. That’s what struck me from our first encounter. As I got to know her, I learned that she was quite the resilient woman. An overcomer. April always put the needs of her daughters first, making birthdays and celebrations extra special, creating loving, lasting memories. Her smile and laugh were contagious! I would always look forward to getting those out of her. She was a hard worker. She was always in the midst helping out where needed. She had big dreams and big ambitions. A marine biologist, I believe, is what she wanted to be. I remember her lighting up when she would talk about it. April made the world a brighter place by her existence, and will be sorely missed by all the lives she touched.

I know my Jesus. I know the end of the story. I know I will see April’s amazing smile again.

My heartfelt condolences are with her loving family. I pray God’s peace and assurance over you at this time and going forward.
