“ Well, one thing about Bill is that his friends and family will be able to tell really good stories about him for years and years! I worked with Bill at the post office and we remained friends after his retirement. He spoke of his kids and grandkids with such love and pride. I know you are missing him so much. When I started at the plant, I loved to work with Bill. He was really patient with us, called all us women "Sis", and when something went wrong on the machine, you could hear him cussin' all over the plant. We'd all just laugh. One night at lunch he fell asleep on the couch in the break room and I took a magic marker and drew smiley faces on his knees. He was a positive influence in so many of our lives. He was funny, a smart alec, and managed to mooch neck rubs and back rubs from several of us women. He was always welcome to join us at break or lunch, and sometimes we'd all bring extra for him and he always carried on like it was the best food he ever ate. He was funny and charming. We talked often of our kids, and I want all of you to know that he was very proud of each of you. I could tell that each one of you were his favorite at least sometimes. He enjoyed the times you were all together as a family, and was really proud of the grandkids. Each one of you were so special to him, and I hope you always remember that you were cherished. My world is certainly poorer because he's not here, but my life is much richer because I got to be his friend. God Bless You All.

“ I am so sorry you lost your loved one. Bill's passing is also a great loss to all of his friends. I have known Bill since junior high at O.L. Slaton, riding our bicycles, getting our driver's license at 14 and moving on to Lubbock High School. Life was simpler then and our antics were all in fun. Bill was like a brother to me and we kept in contact all of these 50+ years. We loved talking about the "good ole days" and laughing through every story shared. His kindness and big heart was a special gift and that he shared with many. I will miss him! Carol Williamson Short

“ Bill was my first love and remained a love in my life throughout all these years. He was definitely always one of my best friends and certainly one of the most entertaining! One of my favorite memories of Bill and mine "love life" was Sybil driving us to see "South Pacific" right after Barbara Bullard James had given me a haircut which necessitated a trip to see the friendly barber!! I think Sybil wondered if I was really even a girl but I have always treasured that particular date. There will never be another one like him and he will always have a large place in my heart. I will have some guilt for a long time that I didn't check on him so maybe I could have helped. Jordan, I love you, and if I can do anything for you, please call me.....Sharon Thiel

“ Bill was a life-long friend of mine, attending Dupre Elementary School, O.L. Slaton Jr. High, and Lubbock High School together. In fact, Bill gave me my very first box of Valentine candy and took me to the movie (my very first date) in the fourth grade. I always adored Bill and knew that if I ever was in need that he would do anything within his power to come to my aid. His passing is a most poignant and sad event for many of us who have been "together" for so many years. We ALL loved him and are greatly saddened to know that he will no longer be with us on this earth. If you didn't know, he had a beautiful voice and just might be singing in that Heavenly choir! Love and condolences to his family and to us all...Barbara Bullard James
