“ To my dear friend Brenda, I will truly miss you. We've known each other forever. We've had times when we talked for hours and then there were times we didn't talk for months but from the day we met we never lost connection. I remembe after your family moved to Lubbock the times we visited one another. I remember just last month we talked for what seems like eternity. I love you and you will always have a place in my heart.
