“ I miss you singing the Tech fight song at the top of your lungs after a win. I miss you modeling your Birkenstocks because you knew how much I loathed them. I miss the way you'd make fun of how puffy my hair would get after a thunderstorm. I miss the looks you'd give when you were interrupted in the middle of an explanation. I miss your giggle whenever Kris lost at Golden Tee. I miss waltzing in the parking lot on the fly because "we won't have this chance the rest of the week." I miss your amazing hugs. I just miss you. And all of the things that made up who you were & who you will always be to me. Your sweet, kind nature. The way you overthought everything. You are so very much missed. Love you always.
