

Cara Leigh Jackson

November 15, 1990 - July 31, 2017

Cara Leigh Jackson passed from this world so sadly on July 31st 2017. She is joined in heaven by her loving grandparents, grandfather, and uncle who will welcome her with the same love we gave her in this world. She will never be alone.

At 26 years her life ended so suddenly, way before her time. In those 26 years her love of books was unmatched. She left volumes of books she had read over the years in her room never throwing any away. Her life was also filled with a love of art and music. Loved the movies and many shows that she will surely continue to follow in heaven. She was studying Pharmacy on line and making straight A's on exams. All those she touched knew her kindness, humbleness, warm loving nature, and that smile as big as her face will surely be missed by all. She was a gentle loving daughter to her mother, father, and brother who will be missed so dearly.

Although we will miss her everyday, she will be forever be in our hearts. We have 26 years of memories to cherish with her. Her struggles in life have forever been put to rest, she will only know happiness and love with her family in heaven.

Cara is survived by her mother Jackie, her brother Curtis, and her father Craig.

There will be a memorial service to celebrate her life on August 3rd at her mother's house where she lived from 1-5pm.
