I'm heartbroken and elated learning this beautiful angel has been called home.

Carla exhibited her love for the Father & Son daily. She definitely loved like Jesus and showed grace everyday.

She truly found her passion caring for others with a giving heart. I doubt anyone can say their day was not lifted just being in her presence.

Carla will be missed by all whom had the opportunity to know and love her. My condolences to her family and friends.

“ Dear Family and Friends of Carla Johnson,

My husband and I have been neighbors of Carla and Barry for over 20 years, and in that time they became much more than neighbors, they became dear friends and part of our extended family. Carla and Barry were always so giving and welcoming, helping to create the kind of close-knit community we were fortunate to share.

We looked out for one another over the years, and after Barry passed, we made a point to check in on Carla. She carried herself with such warmth and strength, and her friendship meant more to me than words can fully express.

When I first moved to Lubbock from San Antonio, it was a big transition, but Carla and the Johnson family made me feel at home right away. Because of that, this loss feels deeply personal.

Please know that you are in our thoughts and prayers. Carla touched so many lives with her kindness and generosity, and her memory will always hold a special place in our hearts.

With deepest sympathy, The Rasa Family
