“ I worked for Caryn for several years and enjoyed the times I had the opportunity to have causal conversations when I would just pop into her office. I was always greeted with a smile and just warm friendly openness. I will be keeping your family in my warmest thoughts as you navigate this difficult time and wishing you hope and healing when you're ready.

“ I had the honor and privilege of working with Caryn for about ten years. She was an amazing women to work with. She was intelligent, professional, funny and just a special human being. When God made Caryn the mold was broken. She is in a much better place now. My thoughts and prayers go out to her family, of which, she was so proud of that she spoke of them often.

“ Working with Caryn was such a blessing, she came to work everyday dressed head to toe in style. She was a professional, but also just a good down to earth lady. We worked hard, but we also had tons of laughs. I thank God for bringing her into my life and making it better. She was family. My heart is breaking, but I know she is with our Lord now. I will never forget my dear friend. I loved her and I know she loved me too!

ME

“ Caryn is the kind of person you could talk with about anything. I know when I am in heaven and see her that I'll feel from her the same willingness to listen and share while respecting all views. She is a real professional, she is just one of those people that you feel good about when you think of her. I believe she is in heaven now.

I ask God to bless her family and friends. Caryn - thank you for simply being you!

I wish I could have worked with Caryn longer than I did ... she is "good people" ... she is missed here on earth and welcomed to eternity in heaven!

“ I've known and worked with Caryn since the 90's when we met at the Compute Utility in Richardson TX.

Caryn was my manager for a number of years, she was a mentor and a friend.

At times we got to travel for work projects, I remember Caryn making a Six Sigma project become so much fun that we forgot it was work.

I enjoyed just being around Caryn, an intelligent and classy lady whom I always will hold in the highest regard.

“ It truly breaks my heart to hear this. I've known Caryn for 30 years, from NCNB, Perot Systems, and Bank of America. I remember fondly the many many hours we worked Disaster Recovery Events for the bank, both of us hyped up on caffeine (her coffee, me Pepsi) to cover the 24+ hours it took.

My sincere condolences to Mike, Jason, and Chris.

She will sure be missed.

“ I worked for Caryn several years and her office was right down from my cubicle. We saw each other everyday as she walked to her office. She always had a smile and something enlightening to say...

Little did I know, we also share the same birthday.

May God's Peace be with you all during this time.

Sincerely,

Bryan Gentry

Caryn has always been such a lovely person - beautiful, kind and smart! A group of us former Nations/Bank of America friends would get together for dinner over the years. She is and will always be missed. Deepest condolences to your family.
