“ *What a marvelous friend Charlotte has been to me. In the last few years we may not have been in contact on a daily basis but I always knew I would receive a warm welcome from her whether it was on the phone or personally.*

*Our friendship goes back a lot of years. Whether it was hosting a Bible study in her home, being involved with Tom and Leslie's activities, she was always a positive influence on everyone.*

*While sharing a cup of coffee one day, a simple comment she made set me on the path of becoming a dyslexia therapist. I will always thank her for that because working with dyslexic students and training teachers has been the most rewarding time in my life. She was such a gifted teacher that she put off taking the Dyslexia Training herself, finally relenting and joining the rest of us in becoming a dyslexia therapist. How she loved her students and sought in every way to meet their needs.*

*The way in which she handled her medical difficulties reflects so strongly her faith in the Lord Jesus. Very few people have the concern for others that she had, especially those who cared for her.*

*Tom and Leslie, I know you know how proud she has been of you.*

*Only a mention of your names brought the full story of your accomplishments. What delight she took in you both.*

*I am grateful to God for being able to call Charlotte a special friend.*
