“ Aunt Francis was my favorite aunt on my mother's side because they were so close my mother and Francis and they used to live just down the block from each other many years ago her kids Francis's kids would come down to Dorothy's house and visit when they could and we would go up to Aunt Francis's house when we could I always love that house if they lived in and at the time she was there she shared her home with other people like my brother Rusty to live in when she wasn't living in it she was a person that had a huge heart and she was a very giving and loving person that's my memory of how she was when she was alive I will always miss her
