This is a tribute from Charlotte Hatch a Laughlin friend of Harriet, Charlotte and Harriet have grown up since childhood going to grade school and throughout high school she was my mothers best friend they talked about everything from the news to politics and that's one thing you did not want those two to get into was politics they talked about their kids and boy did they love their kids but boy today could day they love their children till the end of time and that was their life grand children was everything to them when Harriet lost her husband she called Charlotte when Charlotte lost her son she called Harriet. They were two peas in a pod. It was as if they could go weeks without speaking, and when they did talk, they left right off to where they ended talking , when my mom found out the news of Harriet passing, she broke down she didn't know what she was gonna do without her best friend and she still don't know what she's gonna do without her best friend Harriet was my mom is everything her sister by a different mother, for God knows that Harriet is with her beloved husband and her beloved daughter, and she won't be lonely no more that's all she ever talked about to my mom was how much she missed her husband and then when she lost her daughter, it was as if she lost a piece of her watch, it's very true. My mother knows that and I know that Harriet, we will miss you but yet we will also get to see you when we meet you on the other side rest in peace. We love you Charlotte Hatch, your lifelong friend.

“ We had so much fun in High School together , I met Harriet at the Youth Center in Andrews . We were friends ever since ,one thing in my mind was , we would go Park busting with some guy at the youth center It was so much fun !! We loved going to Seminole to the dances . (They had dances every week end). We both had Seminole boyfriends at one time. We would drag Main in Rita ‘s Volkswagen in Andrews. After we graduated we remained friends and I visited her often in Lubbock . I will miss her dearly ,always loved her sorry I never visited Her in the hospital. But thought about her daily and prayed she would get better . But the Lord knows the best for Us .
