“ Tremendous loss to the world, yet so grateful for the time shared. I was Introduced to Hayden by my daughter who attended high school with him and had invited him to our home for me to meet. Anyone who's high school age daughter ask to bring a boy over to meet can imagine the level of scrutiny I had for this occasion. After meeting and visiting with this very well mannered and engaging young man it was the very clear that he's was genuine and compassionate. After that day he was always welcomed at our home and I was glad to see him when he did visit if I was working on something he would always come over and genuinely offer to help or learn about what I was doing. And as a father and a high school girl, that speaks volumes to his character. He never once gave me cause for concern and as their friendship grew I rested easier if I knew that Hayden was in the mix of the crowd where she was. Thank you Hayden for being a friend to my family. Your time here was not wasted and will be remembered fondly. You truly made a very distinct and joyful impression on me, you were a rare find in today's world. You will be missed but remembered fondly here. I'm certain God has big plans for you still and I will rejoice when we meet again.

“ I was truly sad to hear about the death of Hayden. My prayers and thoughts go out to Chad, Susan and Kent during this terrible time. I have many wonderful memories of Hayden while he was at Aledo Middle school. Hayden was a typical young man trying to find his way. I hope in some way I was able to give him the direction he was seeking. My heart goes out to the family, May God bless.
