“ I miss you extremely much Grandma and Papaw. I don't think I go a day without thinking about how much I miss the both of you! I love you both to the moon and back! I still remember the last time I ever got to see y'all. We were sitting in the living room opening our presents for Christmas and I remember how both of you were so happy when y'all saw what y'all had gotten. You both had always been so humble towards everyone and I don't think that I could have asked for greater great grandparents. I still cannot believe or accept that y'all are gone. Believe it or not, I still try to call y'all on the phone almost everyday until it hits me. I love you both so much and I hope y'all are both happy up in heaven. Y'all's love truly lasted until the end.

“ J.D. and Beulah were my family's neighbors as a child and I often saw them when I would visit my parents after I was grown. I always remember them as being so sweet and friendly. I am so very sorry for the family's loss.
