“ To the Lance Family,

Years ago when I hired Jim to deliver seed and work with me, I knew I had a good man that I could trust, depend on to get the job done. I knew he would be to work early and stay until it was all complete. He would take care of my equipment and the people he would be working with. What I didn't realize at the time was the influence he would have on my life and my family. He taught me patience, seems like i was always running behind, and he would sit at the warehouse waiting on me and reading his bible. He taught me to control my emotions, I never saw Jim lose his cool, even in times he probably could have. Jim always loved what he had and never asked for more, he was content with what God provided him. Most of all I learned more how to love Jesus by the examples he set and the way he went about life. He could talk to you in a way that was never uneasy about things that make people uneasy. He was a MAN that I am glad came into my life, he was a Great Man!

“ My family lived about 3/4 mile from the Lance Family and we all grew up together. Going to Petersburg on Saturday afternoon to go to a Movie while his Parents did their Grocery shopping. This was in the late 1940's when a Movie was 9 cents and Popcorn and a Coke were 15 cents. I bought my first Horse from Jimmy for two pigs and \$25.00, when I was seventeen. I was in the same class as his brother Leroy, who has the same birthday as me; February 14th, 1937. My Dad died when I was fifteen years old and their dad became my makeshift dad. This was during the Korean War and my two older brothers were in the Army, one in Korea, one stateside. I now live in Stephenville, Texas, with my wife whom I married in 2001. She has Parkinson Dementia, diagnosed two years ago, and has to have constant daytime Care Takers here with her.

Our prayers and Condolences to all the Family,

“ I knew Jim from his days of transferring Pioneer seed. After visiting with him and found out he was Brad's dad we had a lot to talk about. It was all good Brad. Jim was always on time. If I was late getting there he would call and let me know he would load the seed himself. I always admired the way he would strap the seed down. His straps were always in good working order and he could do the neatest job of tying up his lose straps. I have never been able to do it like he did. He always had a word of wisdom to give and a good outlook on life. I missed seeing him when he retired from Pioneer. Your family are in the Kaltwasser's thoughts and prayers!

“ I have been missing Jim since the last day he stopped at my barn. Ted and I always looked forward to him bringing us seed. He told us lots of stories and they were always great ones. Jim was a humble man and a Christian. So, we have lost another member of "The Greatest Generation." They seem to be getting fewer and fewer. I will always remember Jim, a good friend. To you, his family, I pray that your pain be eased by the grace of God, but remember that the lord got a great one when he called Jim home. You will be in my prayers in the coming days.

Love to each of you,
Ronnie Aston
