“ Josh and I were the first grandkids one month apart so growing up we were more like brother and sister. I remember playing terminator in the den with him and all the other boy cousins. We would fight over who got to use the bazooka aka the movie projector screen. We would build epic forts with books and blankets (Josh would almost always get a little too rowdy and books would fall on him) We also spent many Saturday mornings watching cartoons and eating cereal on newspaper palettes granny made for us. Then as we grew older we started playing guitar Josh was always such a great guitarist. We even shared the same first car a 1984 baby blue Ford escort. Josh will be missed! It won't be the same without Josh!

“ *Dear Grandson,
This is your granny. I just want to tell you how much I am going to miss you. I loved when we watched our favorite movie together. I loved when you would walk around the house singing your little sweet heart out. I will miss how you used to call me into your room to listen to a new song you sang. I will miss your laughter and the way you always kissed me on top of my head. I will miss everything about you and I will love you forever. Love Granny*

“ When we were I don't know 14 or 15 me and my sister lived with Josh and his family that are my family still. We shared a room that had bunk beds in it. I don't know how many times I have heard him tell that story to people he would introduce me to. I might not be his blood sister but he didn't care to him I was am and always will be his sister. I love you brother and I know u are up there singing for Ronnie like he used to have u do all the time.

“ *Where to start. Who would have ever thought that being a pen pal would lead to loving you so much. I'm going to miss hearing the songs you send me. Your laugh that could go from sweet and contagious to obnoxious. You are such a kind a loving soul and people were lucky to know you, I was blessed to be loved by you. I always told you..to the world you may be just 1 person but to 1 person you may be the world. You were the world to a lot of people. I know you are having the time of your life up there just like you told me you would. My and the girls love for you will forever be our light.*

My heart goes out to my best friend, Mom of Joshua. He was truly loved and adored by his family and in turn he felt the same for them. He had such a good and caring heart. He was and will always be remembered by his family and friends.

I have so many great memories of Josh! My most favorite memories with my cousin are the times we sang together. He always brought me out of my comfort zone during our singing sessions, meanwhile he was showing his talent by strumming away while we sang our hearts out. I love you Josh.

There was so many memories we had together. I loved laying next to him and he would sing to me. One day he asked me babe where would you like to go on a vacation I said to Sea World and he brought sea world to me on the big screen. Joshua was an amazing sweet loving person with a big heart. He loved me so much he told me just remember I will always love you dont forget that. I love you Joshua Shay Hayden.
