“ My grandma was a very special person in my life. She was someone i could count on to be there. She wasn't just my GG she was a friend also. She was like a person i could always talk to. She wants us to be better than our dads ever where. She gave me hope and she encouraged me to go after things i never thought i would do. But when i make it big and i know i will she will be a person to thank. Because she pushed me to the limit. I thought her speeches didnt mean nothing but now i understand what she meant. She wants us to live life happily and make sure we achieve what we want. Make sure we get somewhere in life. Im going to miss her more than anything but i know she'll be watching over my shoulder whenever i need her. Love you grandma ,Love JJ
