“ We loved our mother very much. She was a teacher for many years. She had many friends and loved to play bridge. She was a world traveler. Margaret and mother traveled to Europe several times together, they went to Mount Rushmore, Canada and other wonderful destinations. Mom loved animals. Myron would show mother animal videos and she took great delight in watching them with him. During mother's final years, we took her out to eat, to the movies and played double solitaire with her. I visited mother every week and we joined activities in the activity room, and played double solitaire.

*She is greatly missed by all of us. We love you mom!*
