“ There really are not words to convey the warmth and caring that Lottie always showed to me. Every time I saw her she always had a big smile on her face. I had the privilege of knowing her all my life through the First Baptist Church in Van Horn. She was always there to help out in GA's, Sunday School, Training Union, Youth activities and any other event being held at the church. My first memories of Lottie were when I was in the Tom Thumb wedding when I was 3 years old. She was at the back of the church with a smile and calming hand to help me through those big swinging double doors and down the isle. I had the pleasure of getting to know her children and they are all a wonderful tribute to her and the Christian example she always was through her entire life.
