“ *My heart is so heavy over the loss of Mark. As I think of you I am saddened because I wish we had spent more time together and because I feel that you were just too young and Your life was cut short. I just couldnt grasp that your really gone. You and only you have been on my mind day and night since we lost you. I talked to your mom today. I needed her to know that I love her and I was here to support her in any way she needed but instead she did that for me. She said something to me that I really needed to hear. "God will not put more on a person than they can bear and He knew it was time to take Mark with him." Rest easy Cousin. I know your in a better place. I love you Mark and I will cherish your memory always.*

“ Eventhough we never met, Mark was my friend on facebook and we connected as family. He displayed a kind and caring nature. He will be missed, and I regret not having made the trip to meet him. He taught me a good lesson, love your family, this is important no matter how much distance is between us.
