“ My family moved to Lubbock when I was in the 6-9 grades. Michael and his family lived on the same street in the next block. We became fast friends. We met one afternoon while he was delivering our paper. He encouraged me to start my own paper route. We went to the same school and the same church. We rode our bikes all over Lubbock. I treasure great memories from my youth days with him - including time at the family farm outside of Muleshoe. We lost touch soon after we moved away from Lubbock. We were able to reconnect some years back though. I'm so grateful my wife and I got to spend some quality with him and Angie these past few years. I know you are now pain free and dancing in heaven with God's angels. I'm going to miss you buddy!

“ *I'll always think of the year we were all together planning the Schilling Reunion and Michael came up with the idea of a t-shirt for all the family. He "knew a guy" and was so excited about making the project happen for the family. I still have those t-shirts.*
