“ I built the first engine for my '78 Chevy pickup when I was 17 years old back in 1983, it started a long relationship with Tiner Machine in Plainview. Mike always helped me with anything I needed done, which included a great deal of appreciated advice in both my beginning years and later in my career with John Deere. Also in his working relationship with my Dad George Brown and my brother, Glen. He will be greatly missed. God bless Mike's family.
