“ Our Momma was the best Momma. She loved us all so much. She adored her grandchildren and great grandchildren and made each of us feel so special. She was a Mrs Claus at Christmas and decorated everything beautifully. We love you and miss you but we are also glad your home.

“ Granny always was on my side since I was the baby. I could eat all the candy or Werther's I wanted even if Dad said no. Until Kasen came along and innocently took that position and candy karma happened when she told Jane he could have the chocolate right after I said no. I will never forget how the tracker turned oh so sternly. Gonna miss that.
