“ Our sympathy to the Byrnes family for the loss of someone special Miss Mattie.

The Bible often compare death to sleep(John 11:11-14).God can awaken the dead just as we awaken a person from sleep.

“ Mark (and family) even when we know the time is near for a loved one to pass on, it still hurts when we lose them. Paul told us to “weep with those who weep.” Be assured we are doing just that. And in response to your opening comments last Sunday. We love you too. - Clem

“ Joe, and family...thank you so very much for letting us take care of your sweet Mother! What a precious, sweet, and kind woman! Her smile lit up the room and always made our day! We will surely miss her!! May God wrap his arms around you and your family, and just knowing she is rejoicing in HEAVEN makes our hearts happy! Thank you so much for making my Mom so much more comfortable in her last days. I know she received the love of those who considered her "family". Joe
