

Reva Jane Kirkland

December 5, 1946 - March 30, 2024

Reva went to a much better place, free of pain on March 30th, 2024, after residing on Earth for 77 years. Nurse by profession - bird and plant lover by PASSION.

Left behind are husband James, son John, and sister Shirley Sides of Oklahoma. Two grandchildren, Brittney and Samantha of Oklahoma and Oregon respectively, and eight great grandchildren.

Birds and trees and flowers and bees were Reva's addiction of choice; along with a few thousand crossword puzzles. She loved helping people and did so all of her life. She is missed deeply by those she touched in life; which were many. Respect and remembrance for Reva can best be shown by respecting others in your life and protecting God's plants and creatures.
