“ I am so incredibly sorry to hear of the passing of Robert. My thoughts and prayers are with the family. So many thoughts have flooded my mind as I learned of his passing. Gosh - all the fun we used to have running around on 34th street back in the day, being chased off by the cops when we would head out to north University to street race, the circle track races.... anything to do with racing - you could bet Robert was there. I don't remember how he nicknamed me "Maaaa" but it stuck - and I could always count on hearing that gruff voice calling me out when he was around. I will miss you my friend. Rest well in the arms of the Lord - I bet it's amazing.

I have no idea why I google searched for Robert. I was stationed at Reese AFB in 1986 and Robert worked on my 1970 Mach 1. Good dude, sorry to hear of his passing.

“ *I have only know Robert since 2009. He always had time to visit. I met hem when I had some trouble with a Custom Mustang and he gladly got things straightened out for me. I became aware of his health issues about 5 years ago.I tried to go by and visit and when I called the first thing I did was inquire about how he was doing. He put up a good front of living, but it was evident that he was in pain. I began praying for his health a few years ago and have not stopped. Now I will be praying for Denise and the rest of his family. I will miss the time we were able to talk and share stories.*
