“ Ruben was always like my second Father away from home when I served in the US Air Force at Reese AFB in Lubbock. The Vitela family took me in as one of the family and he always was nice to me. He trusted me with the safety of his daughters who are all still really dear friends of mine. I think to this day that he always thought my real name was Garydon because he always called me that, just like everyone in the Vitela household. I always felt like part of the family when I came to visit. He will be missed.

“ Grandpa Ruben was such a sweet and thoughtful man, with a huge Sense of humor, set in his daily routines. He literally was the the center of our family and will be missed dearly. RIP Grandpa Ruben

I often thought of Ruben while looking out my window seeing the American flag he made out of fence wood. Ruben's love for his family and friends was admirable.

“ Uncle Ruben was the eldest of my mother’s siblings. He was an honest man and loved life and his family. He never missed a chance to call me when he came to Childress. He always tried his best to give me advice or guide me down a road he knew his sister would want me to go. He loved to tell stories about when they were young kids, and I loved listening to those wonderful memories. Uncle Ruben was definitely one of a kind. I will miss you terribly and I can’t wait for the day I get to see you and my momma again. Rest In Peace 🙏🙏

“ I will miss Ruben's great sarcastic humor that always made me laugh. He was very sly with his delivery and he rarely did more than smile after he got off a good one, but I was always laughing even before he finished his joke. He was a terrific mechanic and built some home furnishings that are proudly displayed at our house. Jesus was a carpenter and Ruben was a man after his own heart.

“ *One of my favorite memories is when Ruben would give me a ride home back in middle school in his old truck. It was always a fun ride home. Diana and I laughed. Loved this guy. You will be missed. Our loss is Heaven's gain.*

Don't forget the part where he told us we rolled around like a bunch of eggs. The reality was his driving was bad. Lol
