NM

“ Missing my Sarah so much. Sarah was always full of laughter. And was a daredevil when she was younger. She liked all the scary rides at cliffs amusement park. I gave her the nickname “Bug” when she was a baby. When she got a little bit older. She said that any bug that was crawling around was her relatives. In kindergarten she had a favorite teacher. Her name was mrs. Boyd. She even had a doll she named mrs. Boyd. And taking home the class guinea pigs (peanut butter and jelly). At a duke’s baseball game one time. Just after the seventh inning stretch. It was real quite, then all of sudden she yells out “pitchers got a big butt”. And the pitcher turned around and looked up. It was so funny. She was on the dance/drill team when she was going to adobe acres elementary. I love you so much Sarah Bug.
