“ I am devastated that I did not know about Vera's passing until yesterday at Sunday School when Don Hayes told me. I don't take a paper & I have been out of the main activities due to illness for about a month & a half. I definitely would have gone to the funeral of such a sweet friend. We had some wonderful times of fellowship when I was a single at Bacon Heights. I loved that Vera was always smiling and encouraging. She had Jesus in her heart and it was very evident to all those who knew her. She was the one that helped me up and back to my seat when I fell backwards and knocked myself out at the bowling alley. On the way back I said, Vera I know I fell, just tell me I did it gracefully. She said "You did it gracefully". We both knew she was lying to make feel good but I definitely appreciated it! I am not a graceful faller..ha. We had a lot of fun times together and I will miss her.

“ My precious Mema- there are no words the define the emptiness that is left in the world without you here. I miss you so very much. I hope that you have looked down on me from time to time over the last few days, and I hope you are proud of all that I've been doing. I want everything to be just perfect for you! You were not only my grandmother, but my friend. My life was made better simply because you were in it. You were there for my first breaths on this Earth & I was blessed to be there as you took your last. You will forever and ever hold a special place in my heart. I love you, Mema, more than I could ever say. You were loved & cherished, and will be missed by so many.
