“ *My grandmother was the most selfless woman I've ever known! She had a heart of gold, and always thought of others before herself. She worked at the State School in Gainesville cooking for the youth, as well as Frontier Mannor in Gainesville for several years. She also did private home care for a few loved ones until their passing. My grandma liked to cook, sew and take care of others. She made all of my baby doll and barbie doll clothes, and I remember my mom telling us that she made all of their clothes when they were little. She enjoyed spoiling her grandkids and there wasn't anything she wouldn't have done for any of us.*
